Subject: CALFED MSCS Weekly report

The weekly report for 4/16/99 is in the form of a memo to the Staff Team that describes obvious deficiencies in the Administrative Draft MSCS (currently being printed). When you read the memo, it will become obvious that there is a major need for more USFWS and CDFG staff to work on the Conservation Strategy. If there is not a concentrated effort to fill the staffing gaps, we will not have an acceptable Draft document.

UP-COMING MEETINGS

The Policy Team will meet:

Tuesday April 20, 1999 12:30-2:00 PM Resources Bldg. Room 1118
